

ON-DEMAND PRIVATE DRIVER PLATFORM - ADMIN PORTAL BLUEPRINT

Complete Functional Specification & Page-by-Page Feature Breakdown (Excluding Valet)

1. EXECUTIVE PLATFORM CONCEPT

An enterprise control system managing on-demand private drivers for personal cars. It powers Local City Trips (hourly hire) and Outstation Journeys (multi-day travel), handling live dispatching, driver verification, subscription pass access, financial payouts, user wallets, and customer support.

2. PAGE-BY-PAGE ADMIN DASHBOARD BREAKDOWN

PAGE 1: LIVE DISPATCH CONTROL CENTER (Live Operations)

- **Live Tracking Map:** Interactive map tracking active on-duty drivers, ongoing customer trips, and pending pickup requests.
- **Unassigned Request Queue:** Real-time broadcast queue showing unassigned trips waiting for driver acceptance.
- **Manual Override & Reassign:** Ability for dispatch admins to manually assign or reassign available drivers to urgent bookings.

PAGE 2: DRIVER BOOKINGS DIRECTORY (Bookings & Trips Management)

- **Global Trip Table:** Paginated table listing Booking ID, Customer Name, Vehicle Transmission/Model, Date & Time, Assigned Driver, and Trip Status.
- **Status Lifecycle Filter:** Filter trips by status: Pending, Searching Driver, Driver Assigned, Driver Arriving, Service Started, Completed, Cancelled.
- **Trip Details View:** Drill-down view showing customer pickup/destination GPS, OTP status, pre-trip vehicle checklist, and fare calculations.

PAGE 3: DRIVER PARTNER DIRECTORY & VERIFICATION DESK

- **Driver Roster & Status:** Complete driver directory categorized by status: Approved, Pending Verification, Suspended, Online, On Trip.
- **Document Verification Desk:** Interface to review and approve Driving License, Aadhaar/ID, Vehicle Transmission Skills, and Police Background Checks.
- **Pass Compliance Audit:** Real-time indicator showing if driver holds an active daily/monthly subscription pass.

PAGE 4: DRIVER SUBSCRIPTION PASS MANAGEMENT

- **Plan Configuration:** Create and edit Subscription Passes (Daily Pass, Weekly Pass, Monthly Pass) with price and validity controls.
- **Active Subscriptions Directory:** View drivers with active pass validity, expiry countdowns, and renewal history.
- **Pass Revenue Metrics:** Track total subscription pass sales revenue and active driver pass compliance rates.

PAGE 5: FINANCIAL SETTLEMENTS & DRIVER PAYOUTS

- **Payout Batch Ledger:** Tracks completed trips, Gross Fare, Platform Commission Retention, Fuel/Toll Deductions, and Net Driver Payout.
- **Automated Bank Disbursements:** Approve and trigger direct bank payout transfers to verified driver bank accounts.
- **Payout Status Tracking:** Filter payout batches by Pending Approval, Processing, Disbursed, and Failed Settlements.

PAGE 6: PRICING, TARIFF & RATE MANAGEMENT

- **Local Hourly Pricing Engine:** Configure base fare for minimum hours (e.g., ₹1400 for 4 hrs), extra per-hour charges, and driver payout share %.
- **Outstation Tariff Engine:** Configure daily outstation rates, per-km charges, driver food allowances, and night stay charges.
- **Surge & Peak Multipliers:** Set peak hour multipliers, festival surge rates, and late-night (10 PM - 6 AM) driver allowances.

PAGE 7: USER SAVINGS & DIGITAL WALLETS DIRECTORY

- **Customer Wallet Balances:** Directory of registered customer wallet balances, top-up history, and promotional cashbacks.
- **Immutable Wallet Ledger:** Full audit trail of credit top-ups, checkout debits, promo cashback rewards, and refund logs.

PAGE 8: CUSTOMER MANAGEMENT DIRECTORY

- **Customer Profiles:** Directory displaying Customer Name, Phone, Email, Total Bookings Completed, Lifetime Spend, and Account Status.
- **Account Suspension Desk:** Suspend or reactivate customer accounts for policy violations or unpaid dues.

PAGE 9: SUPPORT TICKETS, DISPUTES & REVIEWS MODERATION

- **Customer & Driver Reviews:** Moderate 1-star to 5-star ratings, review complaints, and flagged feedback.
- **Dispute Claims Desk:** Investigate billing disputes, incorrect extra hour/km charges, property damage claims, and process customer refunds.

PAGE 10: ROLES & PERMISSIONS (RBAC & Admin Roster)

- **System Roles Definition:** Define roles (Super Admin, Dispatch Controller, Financial Auditor, Support Specialist).
 - **Granular Permission Matrix:** Toggle specific permissions per module (e.g., View Only, Edit Pricing, Approve Payouts, Suspend Drivers).
